EDUCATION

ABES Institute OF Technology

B.Tech-Computer Science Engineering (Data Science)

Ghaziabad, Uttar Pradesh

Sept. 2022 – Sept 2026

Children's Academy

INTERMEDIATE(CBSE)-PCM

Ghaziabad

2022

PROJECTS

Chatz | React, JS, Tailwind, DaisyUI, Socket.IO, Express.js, Node.js, MongoDB, Cloudinary, JWT 2025

- Built a real-time chat application with Socket.IO enabling instant messaging and seamless communication between users.
- Designed a responsive and modern UI using React, TailwindCSS, and DaisyUI for an engaging user experience.
- Implemented secure authentication and authorization using JWT and bcrypt for safe user access.
- Integrated Cloudinary for image storage, allowing users to upload and share profile pictures and media in chats.
- Developed and deployed a scalable MERN backend with Express.js and MongoDB for efficient message storage and retrieval.

AI-Powered Symptoms Checker | Next.js, React, Typescript, Tailwind CSS, shadcn, MongoDB 2026

- Developed an AI-powered symptom checker web application using Next.js, TypeScript, TailwindCSS, and shadcn/ui with a responsive and intuitive chat interface
- Integrated Google Gemini AI for natural language symptom analysis with severity detection and India-specific health guidance
- Built a MongoDB Atlas backend with Next.js API routes for storing symptom submissions with serverless-optimized connection handling
- Deployed on Vercel with secure environment management, API rate limit handling, and full TypeScript type safety

ChunaavChain | React, JS, Solidity, Tailwind, HardHat 2024

- Developed a blockchain-based voting system using React, TailwindCSS, Solidity, and Hardhat
- Implemented smart contracts in Solidity to ensure transparent and tamper-proof voting
- Built a responsive frontend with React and TailwindCSS to provide a smooth user experience
- Tested and deployed smart contracts using Hardhat to ensure reliable contract interactions
- Integrated ethers.js to connect the frontend with Ethereum blockchain

TECHNICAL SKILLS

Languages: JavaScript, Python, C, TypeScript, SQL

Web Technologies: HTML5, CSS3, REST API, JWT

Frameworks and Libraries: Reactjs, Nextjs, Node.js, Express.js, TailwindCSS, Shadcn, DaisyUI

Developer Tools: Git, GitHub, Docker, VS Code, Postman

Databases and Cloud: MongoDB, MySQL, Cloudinary, GCP

Soft Skills: Problem solving, Communication, Teamwork, Adaptability, Leadership

ACHIEVEMENTS

Selected as a **finalist** in the Mini Project Presentation during second year at ABES Institute of Technology, as part of the annual Codethon competition.

Organized **hackathon** in collaboration with BNB Chain as part of **Team Fluxor**, demonstrating leadership and teamwork with a major blockchain platform.
